

Water is essential to life and OCWA means water.

It also means a meaningful and rewarding career. Water is our business and our passion. It can be yours too. The water professionals at OCWA know the value of water better than anyone. Our work benefits communities across Ontario every day.

Continuously trained on the latest technologies and regulations, our teams provide safe drinking water for communities across Ontario. Our job (and possibly yours) is also to return treated and safe water back to our lakes and rivers. At OCWA, we have a deep respect for the environment and our responsibility for the health of the communities we serve drives us.

A job at OCWA is an opportunity to make a positive impact on millions—a big responsibility. Are you ready? We think you are. So come on in. The water is perfect.

Why choose water?

Career decisions can be murky and hard to navigate. OCWA makes it easy. If you're looking for career potential through purposeful work, meaningful recognition and a lifetime opportunity for individual growth, OCWA is where you can thrive. Join an inclusive team environment and unlock your potential in a supportive, recognition-based culture. With water, your career path is clear.

A career at OCWA is waiting for you!

OCWA. Providing water & wastewater services to Ontario communities since 1993.

Join remarkable people doing extraordinary work.

At OCWA, we hire a diverse workforce for a welcoming and inclusive environment. We invest in our employees by providing training and opportunities across the province. Navigate your career path right out of high school, college or university!

Test the waters during College or University

A number of post-secondary schools with environmental programs offer a cooperative program with OCWA. It's the perfect opportunity to learn more about maintaining Ontario's water quality and making a material impact on the world around you.

For a listing of Ontario Colleges that have incorporated the Entry-Level Drinking Water Operator course into their environmental program, visit the Walkerton Clean Water Centre (WCWC) site at: www.wcwc.ca

Just remember to review the admission requirements for each program.

School's out. Water's in.

Jump in right out of high school! Once you pass the Operator-in-Training (OIT) exam, you can apply for positions across Ontario. If you want to improve your chances for a career at OCWA, you can then take the Entry-Level Drinking Water Operator course. It just might give you an advantage over those who haven't taken it. Hey, at least there's no swim test.
